

IC-75-0371

23 OCT 1975

MEMORANDUM FOR: D/DCI/NIO

SUBJECT : Long Range Perspectives in Support of Planning

1. The attached draft, "Long Range Perspective for Intelligence: 1980-1990," was prepared in IC Staff. The purpose of such a document is to support the long range sections being developed for our SIGINT, NIPS, and Human Sources Plans.

2. I would greatly appreciate it if you and the NIOs would provide comments and/or any changes you would care to see made in such a paper. A response by 17 November 1975 would greatly help our planning schedules. Would you like to discuss this further?
